ARRIVAL AND ENTRY OF VESSELS

§ 4.0 General definitions.

For the purposes of this part:

(a) *Vessel*. The word *vessel* includes every description of water craft or other contrivance used or capable of being used as a means of transportation on water, but does not include aircraft. (19 U.S.C. 1401.)

(b) *Vessel of the United States*. The term *vessel of the United States* means any vessel documented under the laws of the United States.

(c) *Documented*. The term *documented* vessel means a vessel for which a valid Certificate of Documentation, form CG 1270, issued by the U.S. Coast Guard is outstanding. Upon qualification and proper application to the appropriate Coast Guard office, the Certificate of Documentation may be endorsed with a: (1) Registry endorsement (generally, available to a vessel to be employed in foreign trade, trade with Guam, American Samoa, Wake, Midway, or Kingman Reef, and other employments for which another endorsement is not required), (2) coastwise endorsement (generally, entitles a vessel to employment in the coastwise trade, and other employments for which another endorsement is not required), (3) fishery endorsement (generally, subject to federal and state laws regulating the fisheries, entitles a vessel to fish within the Exclusive Economic Zone (16 U.S.C. 1811) and landward of that zone and to land its catch) or (4) recreational endorsement (entitles a vessel to recreational use only). Any other terminology used elsewhere in this part to describe the particular documentation of a vessel shall be read as synonymous with the applicable terminology contained in this paragraph. Generally, any vessel of at least 5 net tons and wholly owned by a United States citizen or citizens is eligible for documentation except that for a coastwise, or fisheries endorsement a vessel must also be built in the United States. Detailed Coast Guard regulations on documentation are set forth in Title 46, Code of Federal Regulations, § 67.01-67.45.

(d) *Noncontiguous territory of the United States*. The term *noncontiguous territory of the United States* includes all the island territories and possessions of the United States, but does not include the Canal Zone.

(e) *Citizen*. The word *citizen* is as defined by the U.S. Coast Guard for purposes of vessel documentation (see subpart 67.03 of title 46, Code of Federal Regulations.)

(f) *Arrival of a vessel*. The phrase “arrival of a vessel” means that time

§ 4.1

19 CFR Ch. I (4–1–12 Edition)

when the vessel first comes to rest, whether at anchor or at a dock, in any harbor within the Customs territory of the U.S.

(g) *Departure of a vessel.* The phrase “departure of a vessel” means that time when the vessel gets under way on its outward voyage and proceeds on the voyage without thereafter coming to rest in the harbor from which it is going.

[T.D. 69-266, 34 FR 20422, Dec. 31, 1969, as amended by T.D. 83-214, 48 FR 46511, Oct. 13, 1983; T.D. 93-78, 58 FR 50256, Sept. 27, 1993; T.D. 93-96, 58 FR 67315, Dec. 21, 1993; CBP Dec. 08-25, 73 FR 40725, July 16, 2008]

§ 4.1 Boarding of vessels; cutter and dock passes.

(a) Every vessel arriving at a Customs port will be subject to such supervision while in port as the port director considers necessary. The port director may detail Customs officers to remain on board a vessel to secure enforcement of the requirements set forth in this part. Customs may determine to board as many vessels as considered necessary to ensure compliance with the laws it enforces.

(b)(1) No person, with or without the consent of the master, except a pilot in connection with the navigation of the vessel, personnel from another vessel in connection with the navigation of an unmanned barge, an officer of Customs or the Coast Guard, an immigration or health officer, an inspector of the Animal and Plant Health Inspection Service of the U.S. Department of Agriculture, or an agent of the vessel or consular officer exclusively for purposes relating to Customs formalities, shall go on board any vessel arriving from outside the Customs territory of the United States without permission of the port director or the Customs officer in charge until the vessel has been taken in charge by a Customs officer.

(2) A person may leave the vessel for the purpose of reporting its arrival as required by law (see § 4.2), but no other person, except those designated in paragraph (b)(1) of this section, shall leave any vessel arriving from outside the Customs territory of the United States, with or without the consent of

the master, without the permission of the port director or the Customs officer in charge until the vessel has been properly inspected by Customs and brought into the dock or anchorage at which cargo is to be unladen and until all passengers have been landed from the vessel (19 U.S.C. 1433).

(3) Every person permitted to go on board or to leave without the consent of a Customs officer under the provisions of this paragraph shall be subject to Customs and quarantine regulations.

(4) The master of any vessel shall not authorize the boarding or leaving of his vessel by any person in violation of this paragraph.

(c) A port director, in his discretion may issue a cutter pass on Customs Form 3093 to permit the holder to board an incoming vessel after it has been inspected by the quarantine authorities and taken in charge by an officer of the Customs, as follows: (1) To persons on official business; (2) to news reporters, newspaper photographers, photographers of established motionpicture companies, and broadcasters of established radio broadcasting companies; and (3) in cases of special exigency in which the port director is satisfied as to the urgent need for the boarding and that its allowance will not result in undue interference with the performance of official business.

(d) No person in charge of a tugboat, rowboat, or other vessel shall bring such conveyance alongside an incoming vessel heretofore described and put on board thereof any person, except as authorized by law or regulations.

(e) [Reserved]

(f) Term cutter and dock passes, for a period of not to exceed one year, may be issued in the discretion of the port director, to persons on official business and to duly accredited news reporters and newspaper photographers. Passes are not transferable and shall be forfeited upon presentation by others than those to whom issued.

[28 FR 14596, Dec. 31, 1963, as amended by T.D. 78-141, 43 FR 22174, May 24, 1978; T.D. 82-224, 47 FR 35475, Aug. 16, 1982; T.D. 92-74, 57 FR 35751, Aug. 11, 1992; T.D. 95-77, 60 FR 50010, Sept. 27, 1995; T.D. 00-4, 65 FR 2872, Jan. 19, 2000]

¹⁻²⁷ [Reserved]

§ 4.2 Reports of arrival of vessels.

(a) Upon arrival in any port or place within the U.S., including, for purposes of this section, the U.S. Virgin Islands, of any vessel from a foreign port or place, any foreign vessel from a port or place within the U.S., or any vessel of the U.S. carrying foreign merchandise for which entry has not been made, the master of the vessel must immediately report that arrival to the nearest CBP facility or other location designated by the port director. The report of arrival, except as supplemented in local instructions issued by the port director and made available to interested parties by posting in CBP offices, publication in a newspaper of general circulation, and other appropriate means, may be made by any means of communication to the port director or to a CBP officer assigned to board the vessel. The CBP officer may require the production of any documents or papers deemed necessary for the proper inspection/examination of the vessel, cargo, passenger, or crew.

(b) For purposes of this part, “foreign port or place” includes a hovering vessel, as defined in 19 U.S.C. 1401(k), and any point in customs waters beyond the territorial sea or on the high seas at which a vessel arriving in a port or place in the U.S. has received merchandise.

(c) In the case of certain vessels arriving either in distress or for the limited purpose of taking on certain supplies and departing within a 24-hour time period without having landed or taken on any passengers or other merchandise (see section 441(4), Tariff Act of 1930, as amended), the report must be filed by either the master, owner, or agent, and must be in the form and give the information required by that statute, except that the report need not be under oath. A derelict vessel will be considered one in distress and any person bringing it into port must report its arrival.

(d) The report of baggage and merchandise required to be made by certain passenger vessels making three or more trips a week between U.S. and foreign ports and vessels used exclusively as ferryboats carrying passengers, baggage, or merchandise (see section 441(2), Tariff Act of 1930, as

amended), is in addition to the required report of arrival, and must be made within 24 hours of arrival.

[T.D. 93-96, 58 FR 67315, Dec. 21, 1993, as amended by T.D. 94-44, 59 FR 23795, May 9, 1994; CBP Dec. 10-33, 75 FR 69585, Nov. 15, 2010]

§ 4.3 Vessels required to enter; place of entry.

(a) *Formal entry required.* Unless specifically excepted by law, within 48 hours after the arrival at any port or place in the United States, the following vessels are required to make formal entry:

(1) Any vessel from a foreign port or place;

(2) Any foreign vessel from a domestic port;

(3) Any vessel of the United States having foreign merchandise on board for which entry has not been made; or

(4) Any vessel which has visited a hovering vessel as defined in 19 U.S.C. 1401(k), or has delivered or received merchandise or passengers while outside the territorial sea.

(b) *Completion of entry.* (1) When vessel entry is to be made at the customhouse, either the master, licensed deck officer, or purser may appear in person during regular working hours to complete preliminary or formal vessel entry; or necessary documents properly executed by the master or other authorized officer may be delivered at the customhouse by the vessel agent or other personal representative of the master.

(2) The appropriate CBP port director may permit the entry of vessels to be accomplished at locations other than the customhouse, and services may be requested outside of normal business hours. CBP may take local resources into consideration in allowing formal entry to be transacted on board vessels or at other mutually convenient approved sites and times within or outside of port limits. When services are requested to be provided outside the limits of a CBP port, the appropriate port director to whom an application must be submitted is the director of the port located nearest to the point where the proposed services would be provided. That port director must be satisfied that the place designated for

§ 4.3a

formal entry will be sufficiently under CBP control at the time of entry, and that the expenses incurred by CBP will be reimbursed as authorized. It may be required that advance notice of vessel arrival be given as a condition for granting requests for optional entry locations. A master, owner, or agent of a vessel who desires that entry be made at an optional location will file with the appropriate port director an application on CBP Form 3171 and a single entry or continuous bond on CBP Form 301 containing the bond conditions set forth in § 113.64 of this chapter, in such amount as that port director deems appropriate but not less than \$1,000. If the application is approved, the port director or a designated CBP officer will formally enter the vessel. Nothing in this paragraph relieves any person or vessel from any requirement as to how, when and where they are to report, be inspected or receive clearance from other Federal agencies upon arrival in the United States.

[T.D. 00-4, 65 FR 2872, Jan. 19, 2000, as amended at CBP Dec. 10-33, 75 FR 69585, Nov. 15, 2010]

§ 4.3a Penalties for violation of vessel reporting and entry requirements.

Violation of the arrival or entry reporting requirements provided for in this part may result in the master being liable for certain civil and criminal penalties, as provided under 19 U.S.C. 1436, in addition to other penalties applicable under other provisions of law. The penalties include civil monetary penalties for failure to report arrival or make entry, and any conveyance used in connection with any such violation is subject to seizure and forfeiture. Further, if any merchandise (other than sea stores or the equivalent for conveyances other than a vessel) is involved in the failure to report arrival or entry, additional penalties equal to the value of merchandise may be imposed, and the merchandise may be seized and forfeited unless properly entered by the importer or consignee. The criminal penalties, applicable upon conviction, include fines and imprisonment if the master intentionally commits any violation of these reporting and entry requirements or if prohibited

19 CFR Ch. I (4-1-12 Edition)

merchandise is involved in the failure to report arrival or make entry.

[T.D. 93-96, 58 FR 67316, Dec. 21, 1993]

§ 4.4 Panama Canal; report of arrival required.

Vessels which merely transit the Panama Canal without transacting any business there shall be required to report their arrival because of such transit. The report of arrival shall be made in accordance with § 4.2(a).

[T.D. 79-276, 44 FR 61956, Oct. 29, 1979]

§ 4.5 Government vessels.

(a) No report of arrival or entry shall be required of any vessel owned by, or under the complete control and management of the United States or any of its agencies, if such vessel is manned wholly by members of the uniformed services of the United States, by personnel in the civil service of the United States, or by both, and is transporting only property of the United States or passengers traveling on official business of the United States, or it is ballast. In addition, any vessel chartered by, and transporting only cargo that is the property of, the U.S. Department of Defense (DoD) will be treated as a Government vessel for the purpose of being exempt from entry, where the DoD-chartered vessel is manned entirely by the civilian crew of the vessel carrier under contract to DoD. Notwithstanding § 4.60(b)(3) of this part, such DoD-chartered vessel is not exempt from vessel clearance requirements. However, if any cargo is on board, the master or commander of each such vessel arriving from abroad shall file a Cargo Declaration, Customs Form 1302, or an equivalent form issued by the Department of Defense, in duplicate. The original of each Cargo Declaration or equivalent form required under this paragraph shall be filed with the port director within 48 hours after the arrival of the vessel. The other copy shall be made available for use by the discharging inspector at the pier. See § 148.73 of this chapter with respect to baggage on carriers operated by the Department of Defense.

(b) The arrival of every vessel owned or controlled and manned as described in paragraph (a) of this section but

transporting other property or passengers, and every vessel so owned or controlled but not so manned, whether in ballast or transporting cargo or passengers, shall be reported in accordance with § 4.2 and the vessel shall be entered in accordance with § 4.9.

(c) Every vessel owned by, or under the complete control and management of, any foreign nation shall be exempt from or subject to the laws relating to report of arrival and entry under the same conditions as a vessel owned or controlled by the United States.

[28 FR 14596, Dec. 31, 1963, as amended by 39 FR 10897, Mar. 22, 1974; T.D. 83-213, 48 FR 46978, Oct. 17, 1983; CBP Dec. 03-32, 68 FR 68168, Dec. 5, 2003]

§ 4.6 Departure or unloading before report or entry.

(a) No vessel which has arrived within the limits of any Customs port from a foreign port or place shall depart or attempt to depart, except from stress of weather or other necessity, without reporting and making entry as required in this part. These requirements shall not apply to vessels merely passing through waters within the limits of a Customs port in the ordinary course of a voyage.

(b) The "limits of any Customs port" as used herein are those described in § 101.3(b) of this chapter, including the marginal waters to the 3-mile limit on the seaboard and the waters to the boundary line on the northern and southern boundaries.

(c) Violation of this provision may result in the master being liable for certain civil penalties and the vessel to arrest and forfeiture, as provided under 19 U.S.C. 1436, in addition to other penalties applicable under other provisions of law.

[T.D. 93-96, 58 FR 67316, Dec. 21, 1993, as amended by T.D. 98-74, 63 FR 51287, Sept. 25, 1998]

§ 4.7 Inward foreign manifest; production on demand; contents and form; advance filing of cargo declaration.

(a) The master of every vessel arriving in the United States and required to make entry shall have on board his vessel a manifest, as required by section 431, Tariff Act of 1930 (19 U.S.C. 1431), and by this section. The manifest

shall be legible and complete. If it is in a foreign language, an English translation shall be furnished with the original and with any required copies. The manifest shall consist of a Vessel Entrance or Clearance Statement, CBP Form 1300, and the following documents: (1) Cargo Declaration, CBP Form 1302, (2) Ship's Stores Declaration, CBP Form 1303, (3) Crew's Effects Declaration, CBP Form 1304, or, optionally, a copy of the Crew List, Customs and Immigration Form I-418, to which are attached crewmember's declarations on CBP Form 5129, (4) Crew List, Customs and Immigration Form I-418, and (5) Passenger List, Customs and Immigration Form I-418. Any document which is not required may be omitted from the manifest provided the word "None" is inserted in items 16, 18, and/or 19 of the Vessel Entrance or Clearance Statement, as appropriate. If a vessel arrives in ballast and therefore the Cargo Declaration is omitted, the legend "No merchandise on board" shall be inserted in item 16 of the Vessel Entrance or Clearance Statement.

(b)(1) With the exception of any Cargo Declaration that has been filed in advance as prescribed in paragraph (b)(2) of this section, the original and one copy of the manifest must be ready for production on demand. The master shall deliver the original and one copy of the manifest to the CBP officer who shall first demand it. If the vessel is to proceed from the port of arrival to other United States ports with residue foreign cargo or passengers, an additional copy of the manifest shall be available for certification as a traveling manifest (see § 4.85). The port director may require an additional copy or additional copies of the manifest, but a reasonable time shall be allowed for the preparation of any copy which may be required in addition to the original and one copy.

(2) In addition to the vessel stow plan requirements pursuant to § 4.7c of this part and the container status message requirements pursuant to § 4.7d of this part, and with the exception of any bulk or authorized break bulk cargo as prescribed in paragraph (b)(4) of this

section, Customs and Border Protection (CBP) must receive from the incoming carrier, for any vessel covered under paragraph (a) of this section, the CBP-approved electronic equivalent of the vessel's Cargo Declaration (CBP Form 1302), 24 hours before the cargo is laden aboard the vessel at the foreign port (*see* § 4.30(n)). The electronic cargo declaration information must be transmitted through the CBP Automated Manifest System (AMS) or any electronic data interchange system approved by CBP to replace the AMS system for this purpose. Any such system change will be announced by notice in the Federal Register.

(3)(i) Where a non-vessel operating common carrier (NVOCC), as defined in paragraph (b)(3)(ii) of this section, delivers cargo to the vessel carrier for lading aboard the vessel at the foreign port, the NVOCC, if licensed by or registered with the Federal Maritime Commission and in possession of an International Carrier Bond containing the provisions of § 113.64 of this chapter, may electronically transmit the corresponding required cargo declaration information directly to CBP through the vessel AMS system (or other system approved by CBP for this purpose). The information must be received 24 or more hours before the related cargo is laden aboard the vessel at the foreign port (*see* § 113.64(c) of this chapter), as provided in paragraph (b)(2) of this section, or in accordance with paragraph (b)(4) of this section applicable to exempted bulk and break bulk cargo. In the alternative, the NVOCC must fully disclose and present the required cargo declaration information for the related cargo to the vessel carrier which is required to present this information to CBP, in accordance with this section, via the vessel AMS system (or other CBP-approved system).

(ii) A non-vessel operating common carrier (NVOCC) means a common carrier that does not operate the vessels by which the ocean transportation is provided, and is a shipper in its relationship with an ocean common carrier. The term “non-vessel operating common carrier” does not include freight forwarders as defined in part 112 of this chapter.

(iii) Where the party electronically presenting to CBP the cargo information required in § 4.7a(c)(4) receives any of this information from another party, CBP will take into consideration how, in accordance with ordinary commercial practices, the presenting party acquired such information, and whether and how the presenting party is able to verify this information. Where the presenting party is not reasonably able to verify such information, CBP will permit the party to electronically present the information on the basis of what the party reasonably believes to be true.

(4) Carriers of bulk cargo as specified in paragraph (b)(4)(i) of this section and carriers of break bulk cargo to the extent provided in paragraph (b)

(i) Bulk cargo is defined for purposes of this section as homogeneous cargo that is stowed loose in the hold and is not enclosed in any container such as a box, bale, bag, cask, or the like. Such cargo is also described as bulk freight. Specifically, bulk cargo is composed of either:

(A) Free flowing articles such as oil, grain, coal, ore, and the like, which can be pumped or run through a chute or handled by dumping; or

(B) Articles that require mechanical handling such as bricks, pig iron, lumber, steel beams, and the like.

(ii) A carrier of break bulk cargo may apply for an exemption from the filing requirement of paragraph (b)(2) of this section with respect to the break bulk cargo it will be transporting. For purposes of this section, break bulk cargo is cargo that is not containerized, but which is otherwise packaged or bundled.

(A) To apply for an exemption, the carrier must submit a written request for exemption to the U.S. Customs and Border Protection, National Targeting Center, 1300 Pennsylvania Ave., NW., Washington, DC 20229. Until an application for an exemption is granted, the carrier must comply with the 24 hour advance cargo declaration requirement set out in paragraph (b)(2) of this section. The written request for exemption must clearly set forth information such that CBP may assess whether any security concerns exist, such as: The

carrier's IRS number; the source, identity and means of the packaging or bundling of the commodities being shipped; the ports of call, both foreign and domestic; the number of vessels the carrier uses to transport break bulk cargo, along with the names of these vessels and their International Maritime Organization numbers; and the list of the carrier's importers and shippers, identifying any who are members of C-TPAT (The Customs-Trade Partnership Against Terrorism).

(B) CBP will evaluate each application for an exemption on a case by case basis. If CBP, by written response, provides an exemption to a break bulk carrier, the exemption is only applicable under the circumstances clearly set forth in the application for exemption. If circumstances set forth in the approved application change, it will be necessary to submit a new application.

(C) CBP may rescind an exemption granted to a carrier at any time.

(c) No Passenger List or Crew List shall be required in the case of a vessel arriving from Canada, otherwise than by sea, at a port on the Great Lakes or their connecting or tributary waters.

(d)(1) The master or owner of—

(i) A vessel documented under the laws of the United States with a registry, coastwise license, or Great Lakes license endorsement, or a vessel not so documented but intended to be employed in the foreign, coastwise, or Great Lakes trade, or

(ii) A documented vessel with a fishery license endorsement which has a permit to touch and trade (see § 4.15) or a vessel with a fishery license endorsement lacking a permit to touch and trade but intended to engage in trade—at the port of first arrival from a foreign country shall declare on CBP Form 226 any equipment, repair parts, or materials purchased for the vessel, or any expense for repairs incurred, outside the United States, within the purview of section 466, Tariff Act of 1930, as amended (19 U.S.C. 1466). If no equipment, repair parts, or materials have been purchased, or repairs made, a declaration to that effect shall be made on CBP Form 226.

(2) If the vessel is at least 500 gross tons, the declaration shall include a statement that no work in the nature

of a rebuilding or alteration which might give rise to a reasonable belief that the vessel may have been rebuilt within the meaning of the second proviso to section 27, Merchant Marine Act, 1920, as amended (46 U.S.C. 883), has been effected which has not been either previously reported or separately reported simultaneously with the filing of such declaration. The port director shall notify the U.S. Coast Guard vessel documentation officer at the home port of the vessel of any work in the nature of a rebuilding or alteration, including the construction of any major component of the hull or superstructure of the vessel, which comes to his attention unless the port director is satisfied that the owner of the vessel has filed an application for rebuilt determination as required by 46 CFR 67.27-3.

(3) The declaration shall be ready for production on demand for inspection and shall be presented as part of the original manifest when formal entry of the vessel is made.

(e) *Failure to provide manifest information; penalties/liquidated damages.* Any master who fails to provide manifest information as required by this section, or who presents or transmits electronically any document required by this section that is forged, altered or false, or who fails to present or transmit the information required by this section in a timely manner, may be liable for civil penalties as provided under 19 U.S.C. 1436, in addition to damages under the international carrier bond of \$5,000 for each violation discovered. In addition, if any non-vessel operating common carrier (NVOCC) as defined in paragraph (b)(3)(ii) of this section elects to transmit cargo declaration information to CBP electronically and fails to do so in the manner and in the time period required by paragraph (b)(3)(i) of this section, or electronically transmits any false, forged or altered document, paper, cargo declaration information to CBP, such NVOCC may be liable for the payment of liquidated damages as provided in

§ 4.7a

19 CFR Ch. I (4–1–12 Edition)

§ 113.64(c) of this chapter, of \$5,000 for each violation discovered.

[T.D. 71–169, 36 FR 12602, July 2, 1971, as amended by T.D. 74–284, 39 FR 39718, Nov. 11, 1974; T.D. 77–255, 42 FR 56319, Oct. 25, 1977; T.D. 80–237, 45 FR 64565, Sept. 30, 1980; T.D. 83–214, 48 FR 46511, Oct. 13, 1983; T.D. 92–74, 57 FR 35751, Aug. 11, 1992; T.D. 00–22, 65 FR 16515, Mar. 29, 2000; T.D. 02–62, 67 FR 66331, Oct. 31, 2002; 68 FR 1801, Jan. 14, 2003; CBP Dec. 03–32, 68 FR 68168, Dec. 5, 2003; CBP Dec. 08–46, 73 FR 71779, Nov. 25, 2008; CBP Dec. 09–39, 74 FR 52676, Oct. 14, 2009; CBP Dec. 11–10, 76 FR 27608, May 12, 2011]

§ 4.7a Inward manifest; information required; alternative forms.

The forms designated by § 4.7(a) as comprising the inward manifest shall be completed as follows:

(a) *Ship's Stores Declaration.* Articles to be retained aboard as sea or ship's stores shall be listed on the Ship's Stores Declaration, CBP Form 1303. Less than whole packages of sea or ship's stores may be described as “sundry small and broken stores.”

(b) *Crew's Effects Declaration.* (CBP Form 1304). (1) The declaration number of the Crew Member's Declaration, CBP Form 5129, prepared and signed by any officer or crewmember who intends to land articles in the United States, or the word “None,” shall be shown in item No. 7 on the Crew's Effects Declaration, CBP Form 1304 opposite the respective crewmember's name.

(2) In lieu of describing the articles on CBP Form 1304, the master may furnish a Crew List, CBP Form I-418, endorsed as follows:

I certify that this list, with its supporting crewmembers' declarations, is a true and complete manifest of all articles on board the vessel acquired abroad by myself and the officers and crewmembers of this vessel, other than articles exclusively for use on the voyage or which have been duly cleared through CBP in the United States.

(Master.)

The Crew List on Form I-418 shall show, opposite the crewmember's name, his shipping article number and, in column 5, the declaration number. If the crewmember has nothing to declare, the word “None” shall be placed opposite his name instead of a declaration number.

(3) For requirements concerning the preparation of CBP Form 5129, see subpart G of part 148 of this chapter.

(4) Any articles which are required to be manifested and are not manifested shall be subject to forfeiture and the master shall be subjected to a penalty equal to the value thereof, as provided in section 584, Tariff Act of 1930, as amended.

(c) *Cargo Declaration.* (1) The Cargo Declaration (CBP Form 1302 submitted in accordance with paragraph (b)(2) or (b)(4) of this section) must list all the inward foreign cargo on board the vessel regardless of the U.S. port of discharge, and must separately list any other foreign cargo remaining on board (“FROB”). For the purposes of this part, “FROB” means cargo which is laden in a foreign port, is intended for discharge in a foreign port, and remains aboard a vessel during either direct or indirect stops at one or more intervening United States ports. The block designated “Arrival” at the top of the form shall be checked. The name of the shipper shall be set forth in the column calling for such information and on the same line where the bill of lading is listed for that shipper's merchandise. When more than one bill of lading is listed for merchandise from the same shipper, ditto marks or the word “ditto” may be used to indicate the same shipper. The cargo described in column Nos. 6 and 7, and either column No. 8 or 9, shall refer to the respective bills of lading. Either column No. 8 or column No. 9 shall be used, as appropriate. The gross weight in column No. 8 shall be expressed in either pounds or kilograms. The measurement in column No. 9 shall be expressed according to the unit of measure specified in the Harmonized Tariff Schedule of the United States (HTSUS) (19 U.S.C. 1202).

(2)(i) When inward foreign cargo is being shipped by container, each bill of lading shall be listed in the column headed “B/L Nr.” in numerical sequence according to the bill of lading number. The number of the container which contains the cargo covered by that bill of lading and the number of the container seal shall be listed in column No. 6 opposite the bill of lading number. The number of any other bill

of lading for cargo in that container also shall be listed in column No. 6 immediately under the container and seal numbers. A description of the cargo shall be set forth in column No. 7 only if the covering bill of lading is listed in the column headed "B/L Nr."

(ii) As an alternative to the procedure described in paragraph (i), a separate list of the bills of lading covering each container on the vessel may be submitted on CBP Form 1302 or on a separate sheet. If this procedure is used:

(A) Each container number shall be listed in alphanumeric sequence by port of discharge in column No. 6 of CBP Form 1302, or on the separate sheet; and

(B) The number of each bill of lading covering cargo in a particular container, identifying the port of lading, shall be listed opposite the number of the container with that cargo in the column headed "B/L Nr." if CBP Form 1302 is used, or either opposite or under the number of the container if a separate sheet is used.

(iii) All bills of lading, whether issued by a carrier, freight forwarder, or other issuer, shall contain a unique identifier consisting of up to 16 characters in length. The unique bill of lading number will be composed of two elements. The first element will be the first four characters consisting of the carrier or issuer's four digit Standard Carrier Alpha Code (SCAC) assigned to the carrier in the National Motor Freight Traffic Association, Inc., Directory of Standard Multi-Modal Carrier and Tariff Agent Codes, applicable supplements thereto and reissues thereof. The second element may be up to 12 characters in length and may be either alpha and/or numeric. The unique identifier shall not be used by the carrier, freight forwarder or issuer for another bill of lading for a period of 3 years after issuance. CBP processing of the unique identifier will be limited to checking the validity of the Standard Carrier Alpha Codes (SCAC) and ensuring that the identifier has not been duplicated within a 3-year period. Carriers and broker/importers will be responsible for reconciliation of discrepancies between cargo declarations and entries. CBP will not perform any rec-

onciliation except in a post-audit process.

(3) For shipment of containerized or palletized cargo, CBP officers shall accept a Cargo Declaration which indicates that it has been prepared on the basis of information furnished by the shipper. The use of words of qualification shall not limit the responsibility of a master to submit accurate Cargo Declarations or qualify the oath taken by the master as to the accuracy of his declaration.

(i) If Cargo Declaration covers only containerized or palletized cargo, the following statement may be placed on the declaration:

The information appearing on the declaration relating to the quantity and description of the cargo is in each instance based on the shipper's load and count. I have no knowledge or information which would lead me to believe or to suspect that the information furnished by the shipper is incomplete, inaccurate, or false in any way.

(ii) If the Cargo Declaration covers conventional cargo and containerized or palletized cargo, or both, the use of the abbreviation "SLAC" for "shipper's load and count," or an appropriate abbreviation if similar words are used, is approved: *Provided*, That abbreviation is placed next to each containerized or palletized shipment on the declaration and the following statement is placed on the declaration:

The information appearing on this declaration relating to the quantity and description of cargo preceded by the abbreviation "SLAC" is in each instance based on the shipper's load and count. I have no information which would lead me to believe or to suspect that the information furnished by the shipper is incomplete, inaccurate, or false in any way.

(iii) The statements specified in paragraphs (c)(3) (i) and (ii) of this section shall be placed on the last page of the Cargo Declaration. Words similar to "the shipper's load and count" may be substituted for those words in the statements. Vague expressions such as "said to contain" or "accepted as containing" are not acceptable. The use of an asterisk or other character instead of appropriate abbreviations, such as "SLAC", is not acceptable.

§4.7a

19 CFR Ch. I (4–1–12 Edition)

(4) In addition to the cargo declaration information required in paragraphs (c)(1)–(c)(3) of this section, for all inward foreign cargo, the Cargo Declaration, must state the following:

(i) The last foreign port before the vessel departs for the United States;

(ii) The carrier SCAC code (the unique Standard Carrier Alpha Code assigned for each carrier; see paragraph (c)(2)(iii) of this section);

(iii) The carrier-assigned voyage number;

(iv) The date the vessel is scheduled to arrive at the first U.S. port in CBP territory;

(v) The numbers and quantities from the carrier's ocean bills of lading, either master or house, as applicable (this means that the carrier must transmit the quantity of the lowest external packaging unit; containers and pallets are not acceptable manifested quantities; for example, a container containing 10 pallets with 200 cartons should be manifested as 200 cartons);

(vi) The first foreign port where the carrier takes possession of the cargo destined to the United States;

(vii) A precise description (or the Harmonized Tariff Schedule (HTS) numbers to the 6-digit level under which the cargo is classified if that information is received from the shipper) and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo. Generic descriptions, specifically those such as "FAK" ("freight of all kinds"), "general cargo", and "STC" ("said to contain") are not acceptable;

(viii) The shipper's complete name and address, or identification number, from all bills of lading. (At the master bill level, for consolidated shipments, the identity of the Non Vessel Operating Common Carrier (NVOCC), freight forwarder, container station or other carrier is sufficient; for non-consolidated shipments, and for each house bill in a consolidated shipment, the identity of the foreign vendor, supplier, manufacturer, or other similar party is acceptable (and the address of the foreign vendor, etc., must be a foreign address); by contrast, the identity of the carrier, NVOCC, freight forwarder or consolidator is not acceptable; the identification number will be

a unique number assigned by CBP upon the implementation of the Automated Commercial Environment);

(ix) The complete name and address of the consignee, or identification number, from all bills of lading. (For consolidated shipments, at the master bill level, the NVOCC, freight forwarder, container station or other carrier may be listed as the consignee. For non-consolidated shipments, and for each house bill in a consolidated shipment, the consignee is the party to whom the cargo will be delivered in the United States, with the exception of "FROB" (foreign cargo remaining on board). However, in the case of cargo shipped "to order of [a named party]," the carrier must report this named "to order" party as the consignee; and, if there is any other commercial party listed in the bill of lading for delivery or contact purposes, the carrier must also report this other commercial party's identity and contact information (address) in the "Notify Party" field of the advance electronic data transmission to CBP, to the extent that the CBP-approved electronic data interchange system is capable of receiving this data. The identification number will be a unique number assigned by CBP upon implementation of the Automated Commercial Environment);

(x) The vessel name, country of documentation, and official vessel number. (The vessel number is the International Maritime Organization number assigned to the vessel);

(xi) The foreign port where the cargo is laden on board;

(xii) Internationally recognized hazardous material code when such materials are being shipped;

(xiii) Container numbers (for containerized shipments);

(xiv) The seal numbers for all seals affixed to containers; and

(xv) Date of departure from foreign, as reflected in the vessel log (this element relates to the departure of the vessel from the foreign port with respect to which the advance cargo declaration is filed (see §4.7(b)(2) or §4.7(b)(4)); the time frame for reporting this data element will be either:

(A) No later than 24 hours after departure from the foreign port of lading, for those vessels that will arrive in the

U.S. Customs and Border Protection, DHS; Treasury

§ 4.7b

United States more than 24 hours after sailing from that foreign port; or

(B) No later than the presentation of the permit to unlade (CBP Form 3171, or electronic equivalent), for those vessels that will arrive less than 24 hours after sailing from the foreign port of lading); and

(xvi) Time of departure from foreign, as reflected in the vessel log (see § 4.7a(c)(4)(xv) for the applicable foreign port and the time frame within which this data element must be reported to CBP).

(d) *Crew List.* The Crew List shall be completed in accordance with the requirements of applicable Department of Homeland Security (DHS) regulations administered by CBP (8 CFR part 251).

(e) *Passenger List.* (1) The Passenger List shall be completed in accordance with § 4.50 and with the requirements of applicable DHS regulations administered by CBP (8 CFR part 231), and the following certification shall be placed on its last page:

I certify that CBP baggage declaration requirements have been made known to incoming passengers; that any required CBP baggage declarations have been or will simultaneously herewith be filed as required by law and regulation with the proper CBP officer; and that the responsibilities devolving upon this vessel in connection therewith, if any, have been or will be discharged as required by law or regulation before the proper CBP officer. I further certify that there are no steerage passengers on board this vessel (46 U.S.C. 151-163).

Master

(2) If the vessel is carrying steerage passengers, the reference to steerage passengers shall be deleted from the certification, and the master shall comply with the requirements of § 4.50.

(3) If there are no steerage passengers aboard upon arrival, the listing of the passengers may be in the form of a vessel "souvenir passenger list," or similar list, in which the names of the passengers are listed alphabetically and to which the certificate referred to in paragraph (e)(1) of this section is attached.

(4) All baggage on board a vessel not accompanying a passenger and the marks or addresses thereof shall be

listed on the last sheet of the passenger list under the caption "Unaccompanied baggage."

(f) *Failure to provide manifest information; penalties/liquidated damages.* Any master who fails to provide manifest information as required by this section, or who presents or transmits electronically any document required by this section that is forged, altered or false, may be liable for civil penalties as provided under 19 U.S.C. 1436, in addition to damages under the international carrier bond of \$5,000 for each violation discovered. In addition, if any non-vessel operating common carrier (NVOCC) as defined in § 4.7(b)(3)(ii) elects to transmit cargo declaration information to CBP electronically, and fails to do so as required by this section, or transmits electronically any document required by this section that is forged, altered or false, such NVOCC may be liable for liquidated damages as provided in § 113.64(c) of this chapter of \$5,000 for each violation discovered.

[T.D. 71-169, 36 FR 12602, July 2, 1971, as amended by T.D. 73-27, 38 FR 2448, Jan. 26, 1973; T.D. 77-255, 42 FR 56320, Oct. 25, 1977; T.D. 79-31, 44 FR 5649, Jan. 29, 1979; T.D. 85-123, 50 FR 29952, July 23, 1985; T.D. 89-58, 54 FR 20381, May 11, 1989; T.D. 93-66, 58 FR 44130, Aug. 19, 1993; T.D. 95-77, 60 FR 50010, Sept. 27, 1995; T.D. 98-74, 63 FR 51287, Sept. 25, 1998; T.D. 02-62, 67 FR 66332, Oct. 31, 2002; CBP Dec. 03-32, 68 FR 68169, Dec. 5, 2003; CBP Dec. 08-46, 73 FR 71779, Nov. 25, 2008; CBP Dec. 11-10, 76 FR 27609, May 12, 2011]

§ 4.7b Electronic passenger and crew arrival manifests.

(a) *Definitions.* The following definitions apply for purposes of this section:

Appropriate official. "Appropriate official" means the master or commanding officer, or authorized agent, owner, or consignee, of a commercial vessel; this term and the term "carrier" are sometimes used interchangeably.

Carrier. See "Appropriate official."

Commercial vessel. "Commercial vessel" means any civilian vessel being used to transport persons or property for compensation or hire.

Crew member. "Crew member" means a person serving on board a vessel in good faith in any capacity required for normal operation and service of the voyage. In addition, the definition of

“crew member” applicable to this section should not be applied in the context of other customs laws, to the extent this definition differs from the meaning of “crew member” contemplated in such other customs laws.

Emergency. “Emergency” means, with respect to a vessel arriving at a U.S. port due to an emergency, an urgent situation due to a mechanical, medical, or security problem affecting the voyage, or to an urgent situation affecting the non-U.S. port of destination that necessitates a detour to a U.S. port.

Ferry. “Ferry” means any vessel which is being used to provide transportation only between places that are no more than 300 miles apart and which is being used to transport only passengers and/or vehicles, or railroad cars, which are being used, or have been used, in transporting passengers or goods.

Passenger. “Passenger” means any person being transported on a commercial vessel who is not a crew member.

United States. “United States” means the continental United States, Alaska, Hawaii, Puerto Rico, Guam, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands (beginning November 28, 2009).

(b) *Electronic arrival manifest*—(1) *General requirement.* Except as provided in paragraph (c) of this section, an appropriate official of each commercial vessel arriving in the United States from any place outside the United States must transmit to Customs and Border Protection (CBP) an electronic passenger arrival manifest and an electronic crew member arrival manifest. Each electronic arrival manifest:

(i) Must be transmitted to CPB at the place and time specified in paragraph (b)(2) of this section by means of an electronic data interchange system approved by CBP. If the transmission is in US EDIFACT format, the passenger manifest and the crew member manifest must be transmitted separately; and

(ii) Must set forth the information specified in paragraph (b)(3) of this section.

(2) *Place and time for submission*—(i) *General requirement.* The appropriate of-

ficial must transmit each electronic arrival manifest required under paragraph (b)(1) of this section to the CBP Data Center, CBP Headquarters:

(A) In the case of a voyage of 96 hours or more, at least 96 hours before entering the first United States port or place of destination;

(B) In the case of a voyage of less than 96 hours but at least 24 hours, prior to departure of the vessel;

(C) In the case of a voyage of less than 24 hours, at least 24 hours before entering the first U.S. port or place of destination; and

(D) In the case of a vessel that was not destined to the United States but was diverted to a U.S. port due to an emergency, before the vessel enters the U.S. port or place to which diverted; in cases of non-compliance, CBP will take into consideration that the carrier was not equipped to make the transmission and the circumstances of the emergency situation.

(ii) *Amendment of crew member manifests.* In any instance where a crew member boards the vessel after initial submission of the manifest under paragraph (b)(2)(i) of this section, the appropriate official must transmit amended manifest information to CBP reflecting the data required under paragraph (b)(3) of this section for the additional crew member. The amended manifest information must be transmitted to the CBP data Center, CBP Headquarters:

(A) If the remaining voyage time after initial submission of the manifest is 24 hours or more, at least 24 hours before entering the first U.S. port or place of destination; or

(B) In any other case, at least 12 hours before the vessel enters the first U.S. port or place of destination.

(3) *Information required.* Each electronic arrival manifest required under paragraph (b)(1) of this section must contain the following information for all passengers and crew members, except that for commercial passenger vessels, the information specified in paragraphs (b)(3)(iv), (v), (x), (xii), (xiii), (xiv), (xvi), (xviii), and (xix) of this section must be included on the manifest only on or after October 4, 2005:

- (i) Full name (last, first, and, if available, middle);
- (ii) Date of birth;
- (iii) Gender (F = female; M = male);
- (iv) Citizenship;
- (v) Country of residence;
- (vi) Status on board the vessel;
- (vii) Travel document type (*e.g.*, P = passport, A = alien registration);
- (viii) Passport number, if a passport is required;
- (ix) Passport country of issuance, if a passport is required;
- (x) Passport expiration date, if a passport is required;
- (xi) Alien registration number, where applicable;
- (xii) Address while in the United States (number and street, city, state, and zip code), except that this information is not required for U.S. citizens, lawful permanent residents, crew members, or persons who are in transit to a location outside the United States;
- (xiii) Passenger Name Record locator, if available;
- (xiv) Foreign port/place where transportation to the United States began (foreign port code);
- (xv) Port/place of first arrival (CBP port code);
- (xvi) Final foreign port/place of destination for in-transit passenger and crew member (foreign port code);
- (xvii) Vessel name;
- (xviii) Vessel country of registry/flag;
- (xix) International Maritime Organization number or other official number of the vessel;
- (xx) Voyage number (applicable only for multiple arrivals on the same calendar day); and
- (xxi) Date of vessel arrival.

(c) *Exceptions.* The electronic arrival manifest requirement specified in paragraph (b) of this section is subject to the following conditions:

- (1) No passenger or crew member manifest is required if the arriving commercial vessel is operating as a ferry;
- (2) If the arriving commercial vessel is not transporting passengers, only a crew member manifest is required; and
- (3) No passenger manifest is required for active duty U.S. military personnel onboard an arriving Department of Defense commercial chartered vessel.

(d) *Carrier responsibility for comparing information collected with travel document.* The carrier collecting the information described in paragraph (b)(3) of this section is responsible for comparing the travel document presented by the passenger or crew member with the travel document information it is transmitting to CBP in accordance with this section in order to ensure that the information transmitted is correct, the document appears to be valid for travel to the United States, and the passenger or crew member is the person to whom the travel document was issued.

(e) *Sharing of manifest information.* Information contained in passenger and crew member manifests that is received by CBP electronically may, upon request, be shared with other Federal agencies for the purpose of protecting national security. CBP may also share such information as otherwise authorized by law.

[CBP Dec. 05-12, 70 FR 17850, Apr. 7, 2005, as amended at CBP Dec.09-02, 74 FR 2836, Jan. 16, 2009; CBP Dec. 09-14, 74 FR 25388, May 28, 2009]

§ 4.7c Vessel stow plan.

Vessel stow plan required. In addition to the advance filing requirements pursuant to §§ 4.7 and 4.7a of this part and the container status message requirements pursuant to § 4.7d of this part, for all vessels subject to § 4.7(a) of this part, except for any vessel exclusively carrying break bulk cargo or bulk cargo as prescribed in § 4.7(b)(4) of this part, the incoming carrier must submit a vessel stow plan consisting of vessel and container information as specified in paragraphs (b) and (c) of this section within the time prescribed in paragraph (a) of this section via the CBP-approved electronic data interchange system.

(a) *Time of transmission.* Customs and Border Protection (CBP) must receive the stow plan no later than 48 hours after the vessel departs from the last foreign port. For voyages less than 48 hours in duration, CBP must receive the stow plan prior to arrival at the first U.S. port.

(b) *Vessel information required to be reported.* The following information must be reported for each vessel:

§ 4.7d

19 CFR Ch. I (4–1–12 Edition)

(1) Vessel name (including international maritime organization (IMO) number);

(2) Vessel operator; and

(3) Voyage number.

(c) *Container information required to be reported.* The following information must be reported for each container carried on each vessel:

(1) Container operator;

(2) Equipment number;

(3) Equipment size and type;

(4) Stow position;

(5) Hazmat code (if applicable);

(6) Port of lading; and

(7) Port of discharge.

(d) *Compliance date of this section.* (1) *General.* Subject to paragraph (d)(2) of this section, all affected ocean carriers must comply with the requirements of this section on and after January 26, 2010.

(2) *Delay in compliance date of section.* CBP may, at its sole discretion, delay the general compliance date set forth in paragraph (d)(1) of this section in the event that any necessary modifications to the approved electronic data interchange system are not yet in place or for any other reason. Notice of any such delay will be provided in the FEDERAL REGISTER.

[CBP Dec. 08–46, 73 FR 71779, Nov. 25, 2008]

§ 4.7d Container status messages.

(a) *Container status messages required.* In addition to the advance filing requirements pursuant to §§ 4.7 and 4.7a of this part and the vessel stow plan requirements pursuant to § 4.7c of this part, for all containers destined to arrive within the limits of a port in the United States from a foreign port by vessel, the incoming carrier must submit messages regarding the status of the events as specified in paragraph (b) of this section if the carrier creates or collects a container status message (CSM) in its equipment tracking system reporting that event. CSMs must be transmitted to Customs and Border Protection (CBP) within the time prescribed in paragraph (c) of this section via a CBP-approved electronic data interchange system. There is no requirement that a carrier create or collect any CSMs under this paragraph that the carrier does not otherwise create or collect on its own and maintain

in its electronic equipment tracking system.

(b) *Events required to be reported.* The following events must be reported if the carrier creates or collects a container status message in its equipment tracking system reporting that event:

(1) When the booking relating to a container which is destined to arrive within the limits of a port in the United States by vessel is confirmed;

(2) When a container which is destined to arrive within the limits of a port in the United States by vessel undergoes a terminal gate inspection;

(3) When a container, which is destined to arrive within the limits of a port in the United States by vessel, arrives or departs a facility (These events take place when a container enters or exits a port, container yard, or other facility. Generally, these CSMs are referred to as “gate-in” and “gate-out” messages.);

(4) When a container, which is destined to arrive within the limits of a port in the United States by vessel, is loaded on or unloaded from a conveyance (This includes vessel, feeder vessel, barge, rail and truck movements. Generally, these CSMs are referred to as “loaded on” and “unloaded from” messages);

(5) When a vessel transporting a container, which is destined to arrive within the limits of a port in the United States by vessel, departs from or arrives at a port (These events are commonly referred to as “vessel departure” and “vessel arrival” notices);

(6) When a container which is destined to arrive within the limits of a port in the United States by vessel undergoes an intra-terminal movement;

(7) When a container which is destined to arrive within the limits of a port in the United States by vessel is ordered stuffed or stripped;

(8) When a container which is destined to arrive within the limits of a port in the United States by vessel is confirmed stuffed or stripped; and

(9) When a container which is destined to arrive within the limits of a port in the United States by vessel is stopped for heavy repair.

(c) *Time of transmission.* For each event specified in paragraph (b) of this section that has occurred, and for

which the carrier creates or collects a container status message (CSM) in its equipment tracking system reporting that event, the carrier must transmit the CSM to CBP no later than 24 hours after the CSM is entered into the equipment tracking system.

(d) *Contents of report.* The report of each event must include the following:

(1) Event code being reported, as defined in the ANSI X.12 or UN EDIFACT standards;

(2) Container number;

(3) Date and time of the event being reported;

(4) Status of the container (empty or full);

(5) Location where the event took place; and

(6) Vessel identification associated with the message if the container is associated with a specific vessel.

(e) A carrier may transmit other container status messages in addition to those required pursuant to paragraph (b) of this section. By transmitting additional container status messages, the carrier authorizes Customs and Border Protection (CBP) to access and use those data.

(f) *Compliance date of this section.* (1) *General.* Subject to paragraph (f)(2) of this section, all affected ocean carriers must comply with the requirements of this section on and after January 26, 2010.

(2) *Delay in compliance date of section.* CBP may, at its sole discretion, delay the general compliance date set forth in paragraph (f)(1) of this section in the event that any necessary modifications to the approved electronic data interchange system are not yet in place or for any other reason. Notice of any such delay will be provided in the FEDERAL REGISTER.

[CBP Dec. 08-46, 73 FR 71779, Nov. 25, 2008]

§ 4.8 Preliminary entry.

(a) *Generally.* Preliminary entry allows a U.S. or foreign vessel arriving under circumstances that require it to formally enter, to commence lading and unloading operations prior to making formal entry. Preliminary entry may be accomplished electronically pursuant to an authorized electronic data interchange system, or by any other means of communication ap-

proved by the Customs and Border Protection (CBP).

(b) *Requirements and conditions.* Preliminary entry must be made in compliance with § 4.30, and may be granted prior to, at, or subsequent to arrival of the vessel. The granting of preliminary vessel entry by Customs at or subsequent to arrival of the vessel, is conditioned upon the presentation to and acceptance by Customs of all forms, electronically or otherwise, comprising a complete manifest as provided in § 4.7, except that the Cargo Declaration, CBP Form 1302, must be presented to Customs electronically in the manner provided in § 4.7(b)(2) or (4). Vessels seeking preliminary entry in advance of arrival must do so: By presenting to Customs the electronic equivalent of a complete CBP Form 1302 (Cargo Declaration), in the manner provided in § 4.7(b)(2) or (4), showing all cargo on board the vessel; and by presenting CBP Form 3171 electronically no less than 48 hours prior to vessel arrival. The CBP Form 3171 will also serve as notice of intended date of arrival. The port director may allow for the presentation of the CBP Form 1302 and CBP Form 3171 less than 48 hours prior to arrival in order to grant advanced preliminary entry if a vessel voyage takes less than 48 hours to complete from the last foreign port to the first U.S. port, or if other reasonable circumstances warrant. Preliminary entry granted in advance of arrival will become effective upon arrival at the port granting preliminary entry. Additionally, Customs must receive confirmation of a vessel's estimated time of arrival in a manner acceptable to the port director.

[T.D. 00-4, 65 FR 2872, Jan. 19, 2000, as amended by T.D. 02-62, 67 FR 66332, Oct. 31, 2002; CBP Dec. 11-10, 76 FR 27609, May 12, 2011]

§ 4.9 Formal entry.

(a) *General.* Section 4.3 provides which vessels are subject to formal entry and where and when entry must be made. The formal entry of an American vessel is governed by section 434, Tariff Act of 1930 (19 U.S.C. 1434). The term "American vessel" means a vessel of the United States (see § 4.0(b)) as well as, when arriving by sea, a vessel entitled to be documented except for its size (see § 4.0(c)). The formal entry

§4.10

19 CFR Ch. I (4–1–12 Edition)

of a foreign vessel arriving within the limits of any CBP port is also governed by section 434, Tariff Act of 1930 (19 U.S.C. 1434). Alternatively, information necessary for formal entry may be transmitted electronically pursuant to a system authorized by CBP.

(b) *Procedures for American vessels.* Under certain circumstances, American vessels arriving in ports of the United States directly from other United States ports must make entry. Entry of such vessels is required when they have unentered foreign merchandise aboard. Report of arrival as provided in §4.2 of this part, together with presenting a completed CBP Form 1300 (Vessel Entrance or Clearance Statement), satisfies all entry requirements for the subject vessels.

(c) *Delivery of foreign vessel document.* The master of any foreign vessel will exhibit the vessel's document to the port director on or before the entry of the vessel. After the net tonnage has been noted, the document may be delivered to the consul of the nation to which such vessel belongs, in which event the vessel master will certify to the port director the fact of such delivery (see section 434, Tariff Act of 1930, as amended (19 U.S.C. 1434), as applied through section 438, Tariff Act of 1930, as amended (19 U.S.C. 1438)). If not delivered to the consul, the document will be deposited in the customhouse. Whether delivered to the foreign consul or deposited at the customhouse, the document will not be delivered to the master of the foreign vessel until clearance is granted under §4.61. It will not be lawful for any foreign consul to deliver to the master of any foreign vessel the register, or document in lieu thereof, deposited with him in accordance with the provisions of 19 U.S.C. 1434 until such master will produce to him a clearance in due form from the director of the port where such vessel has been entered. Any consul violating the provisions of this section is liable to a fine of not more than \$5,000 (section 438, Tariff Act of 1930, as amended; 19 U.S.C. 1438).

(d) *Failure to make required entry; penalties.* Any master who fails to make entry as required by this section or who presents or transmits electronically any document required by this

section that is forged, altered, or false, may be liable for certain civil penalties as provided under 19 U.S.C. 1436, in addition to penalties applicable under other provisions of law. Further, any vessel used in connection with any such violation is subject to seizure and forfeiture.

[T.D. 00-4, 65 FR 2873, Jan. 19, 2000; T.D. 00-22, 65 FR 16515, Mar. 29, 2000; CBP Dec. 10-33, 75 FR 69585, Nov. 15, 2010]

§4.10 Request for overtime services.

Request for overtime services in connection with entry or clearance of a vessel, including the boarding of a vessel in accordance with §4.1 shall be made on Customs Form 3171. (See §24.16 of this chapter regarding pleasure vessels.) Such request for overtime services must specify the nature of the services desired and the exact times when they will be needed, unless a term special license (unlimited or limited to the service requested) has been issued (see §4.30(g)) and arrangements are made locally so that the proper Customs officer will be notified during official hours in advance of the rendering of the services as to the nature of the services desired and the exact times they will be needed. Such request shall not be approved (previously issued term special licenses shall be revoked) unless the carrier complies with the provisions of paragraphs (l) and (m) of §4.30 regarding terminal facilities and employee lists, respectively, and the required cash deposit or bond, on Customs Form 301, containing the bond conditions set forth in §113.64 of this chapter, has been received. Separate bonds shall be required if overtime services are requested by different principals.

[T.D. 72-189, 37 FR 13975, July 15, 1972, as amended by T.D. 84-213, 49 FR 41163, Oct. 19, 1984; T.D. 92-74, 57 FR 35751, Aug. 11, 1992]

§4.11 Sealing of stores.

Upon the arrival of a vessel from a foreign port, or a vessel engaged in the foreign trade from a domestic port, sea stores and ship's stores not required for immediate use or consumption on board while the vessel is in port and articles acquired abroad by officers and members of the crew, for which no permit to land has been issued, shall be

placed under seal, unless the Customs officer is of the opinion that the circumstances do not require such action. Customs inspectors in charge of the vessel, from time to time, as in their judgment the necessity of the case requires, may issue stores from under seal for consumption on board the vessel by its passengers and crew. (See § 4.39.)

§ 4.12 Explanation of manifest discrepancy.

(a)(1) Vessel masters or agents shall notify the port director on Customs Form 5931 of shortages (merchandise manifested, but not found) or overages (merchandise found, but not manifested) of merchandise.

(2) Shortages shall be reported to the port director by the master or agent of the vessel by endorsement on the importer's claim for shortage on Customs Form 5931 as provided for in § 158.3 of this chapter, or within 60 days after the date of entry of the vessel, whichever is later. Satisfactory evidence to support the claim of nonimportation or of proper disposition or other corrective action (see § 4.34) shall be obtained by the master or agent and shall be retained in the carrier's file for one year.

(3) Overages shall be reported to the port director within 60 days after the date of entry of the vessel by completion of a post entry or suitable explanation of corrective action (see § 4.34) on the Customs Form 5931.

(4) The port director shall immediately advise the master or agent of those discrepancies which are not reported by the master or agent. Notification may be in any appropriate manner, including the furnishing of a copy of Customs Form 5931 to the master or agent. The master or agent shall satisfactorily resolve the matter within 30 days after the date of such notification, or within 60 days after entry of the vessel, whichever is later.

(5) Unless the required notification and explanation is made timely and the port director is satisfied that the discrepancies resulted from clerical error or other mistake and that there has been no loss of revenue (and in the case of a discrepancy not initially reported by the master or agent that there was a valid reason for failing to so report),

applicable penalties under section 584, Tariff Act of 1930, as amended (19 U.S.C. 1584), shall be assessed (see § 162.31 of this chapter). For purposes of this section, the term "clerical error" is defined as a non-negligent, inadvertent, or typographical mistake in the preparation, assembly, or submission (electronically or otherwise) of the manifest. However, repeated similar manifest discrepancies by the same parties may be deemed the result of negligence and not clerical error or other mistake. For the purpose of assessing applicable penalties, the value of the merchandise shall be determined as prescribed in § 162.43 of this chapter. The fact that the master or owner had no knowledge of a discrepancy shall not relieve him from the penalty.

(b) Except as provided in paragraph (c) of this section, a correction in the manifest shall not be required in the case of bulk merchandise if the port director is satisfied that the difference between the manifested quantity and the quantity unladen, whether the difference constitutes an overage or a shortage, is an ordinary and usual difference properly attributable to absorption of moisture, temperature, faulty weighing at the port of lading, or other similar reason. A correction in the manifest shall not be required because of discrepancies between marks or numbers on packages of merchandise and the marks or numbers for the same packages as shown on the manifest of the importing vessel when the quantity and description of the merchandise in such packages are correctly given.

(c) Manifest discrepancies (shortages and overages) of petroleum and petroleum products imported in bulk shall be reported on Customs Form 5931, if the discrepancy exceeds one percent.

[T.D. 80-142, 45 FR 36383, May 30, 1980, as amended by T.D. 99-64, 64 FR 43265, Aug. 10, 1999; CBP Dec. 10-29, 75 FR 52450, Aug. 26, 2010]

§ 4.13 [Reserved]

§ 4.14 Equipment purchases by, and repairs to, American vessels.

(a) *General provisions and applicability*—(1) *General*. Under section 466, Tariff Act of 1930, as amended (19

U.S.C. 1466), purchases for or repairs made to certain vessels while they are outside the United States are subject to declaration, entry, and payment of ad valorem duty. These requirements are effective upon the first arrival of affected vessels in the United States or Puerto Rico. The vessels subject to these requirements include those documented under the U.S. law for the foreign or coastwise trades, as well as those which were previously documented under the laws of some foreign nation or are undocumented at the time that foreign shipyard repairs are performed, but which exhibit an intent to engage in those trades under CBP interpretations. Duty is based on actual foreign cost. This includes the original foreign purchase price of articles that have been imported into the United States and are later sent abroad for use.

(2) *Expenditures not subject to declaration, entry, or duty.* The following vessel repair expenditures are not subject to declaration, entry, or duty:

(i) Expenditures made in American Samoa, the Guantanamo Bay Naval Station, Guam, Puerto Rico, or the U.S. Virgin Islands because they are considered to have been made in the United States;

(ii) Reimbursements paid to members of the regular crew of a vessel for labor expended in making repairs to vessels; and

(iii) The cost of equipment, repair parts, and materials that are installed on a vessel documented under the laws of the United States and engaged in the foreign or coasting trade, if the installation is done by members of the regular crew of such vessel while the vessel is on the high seas, in foreign waters, or in a foreign port, and does not involve foreign shipyard repairs by foreign labor.

(3) *Expenditures subject to declaration and entry but not duty.* Under separate provisions of law, the cost of labor performed, and of parts and materials produced and purchased in Israel are not subject to duty under the vessel repair statute. Additionally, expenditures made in Canada or in Mexico are not subject to any vessel repair duties. Furthermore, certain free trade agreements between the United States and

other countries also may reduce the duties on vessel repair expenditures made in foreign countries that are parties to those agreements, although the final duty amount may depend on each agreement's schedule for phasing in those reductions. In these situations and others where there is no liability for duty, it is still required, except as otherwise required by law, that all repairs and purchases be declared and entered.

(b) *Applicability to specific types of vessels—*(1) *Fishing vessels.* As provided in §4.15, vessels documented under U.S. law with a fishery endorsement are subject to vessel repair duties for covered foreign expenditures. Undocumented American fishing vessels which are repaired, or for which parts, nets or equipment are purchased outside the U.S. are also liable for duty.

(2) *Government-owned or chartered vessels.* Vessels normally subject to the vessel repair statute because of documentation or intended use are not excused from duty liability merely because they are either owned or chartered by the U.S. Government.

(3) *Vessels continuously away for two years or longer—*(i) *Liability for expenditures throughout entire absence from U.S.* Vessels that continuously remain outside the United States for two years or longer are liable for duty on any fish nets and netting purchased at any time during the entire absence. Vessels designed and used primarily for transporting passengers or merchandise, which depart the United States for the sole purpose of obtaining equipment, parts, materials or repairs remain fully liable for duty regardless of the duration of their absence from the United States.

(ii) *Liability for expenditures made during first six months of absence.* Except as provided in paragraph (b)(3)(i) of this section, vessels that continuously remain outside the United States for two years or longer are liable for duty only on those expenditures which are made during the first six months of their absence. See paragraph (h)(3) of this section. However, even though some costs might not be dutiable because of the six-month rule, all repairs, materials, parts and equipment-related expenditures must be declared and entered.

(c) *Estimated duty deposit and bond requirements.* Generally, the person authorized to submit a vessel repair declaration and entry must either deposit or transmit estimated duties or produce evidence of a bond on CBP Form 301 at the first United States port of arrival before the vessel will be permitted to depart from that port. A continuous or single entry bond of sufficient value to cover all potential duty on the foreign repairs and purchases must be identified by surety, number and amount on the vessel repair declaration which is submitted at the port of first arrival. At the time the vessel repair entry is submitted by the vessel operator to the appropriate VRU port of entry as defined in paragraph (g) of this section, that same identifying information must be identified on the entry form. Sufficiency of the amount of the bond is within the discretion of CBP at the arrival port with claims for reduction in duty liability necessarily being subject to full consideration of evidence by CBP. CBP officials at the port of arrival may consult the appropriate Vessel Repair Unit (VRU) port of entry as identified in paragraph (g) of this section or the staff of the Cargo Security, Carriers & Immigration Branch, Office of International Trade in CBP Headquarters in setting sufficient bond amounts. These duty, deposit, and bond requirements do not apply to vessels which are owned or chartered by the United States Government and are actually being operated by employees of an agency of the Government. If operated by a private party for a Federal agency under terms whereby that private party is liable under the contract for payment of the duty, there must be a deposit or a bond filed in an amount adequate to cover the estimated duty.

(d) *Declaration required.* When a vessel subject to this section first arrives in the United States following a foreign voyage, the owner, master, or authorized agent must submit a vessel repair declaration on CBP Form 226, a dual-use form used both for declaration and entry purposes, or must transmit its electronic equivalent. The declaration must be ready for presentation in the event that a CBP officer boards the vessel. If no foreign repair-related ex-

penses were incurred, that fact must be reported either on the declaration form or by approved electronic means. The CBP port of arrival receiving either a positive or negative vessel repair declaration or electronic equivalent will immediately forward it to the appropriate VRU port of entry as identified in paragraph (g) of this section.

(e) *Entry required.* The owner, master, or authorized representative of the owner of any vessel subject to this section for which a positive declaration has been filed must submit a vessel repair entry on CBP Form 226 or transmit its electronic equivalent. The entry must show all foreign voyage expenditures for equipment, parts of equipment, repair parts, materials and labor. The entry submission must indicate whether it provides a complete or incomplete account of covered expenditures. The entry must be presented or electronically transmitted by the vessel operator to the appropriate VRU port of entry as identified in paragraph (g) of this section, so that it is received within ten calendar days after arrival of the vessel. Claims for relief from duty should be made generally as part of the initial submission, and evidence must later be provided to support those claims. Failure to submit full supporting evidence of cost within stated time limits, including any extensions granted under this section, is considered to be a failure to enter.

(f) *Time limit for submitting evidence of cost.* A complete vessel repair entry must be supported by evidence showing the cost of each item entered. If the entry is incomplete when submitted, evidence to make it complete must be received by the appropriate VRU port of entry as identified in paragraph (g) of this section within 90 calendar days from the date of vessel arrival. That evidence must include either the final cost of repairs or, if the operator submits acceptable evidence that final cost information is not yet available, initial or interim cost estimates given prior to or after the work was authorized by the operator. The proper VRU port of entry may grant one 30-day extension of time to submit final cost evidence if a satisfactory written explanation of the need for an extension is received before the expiration of the

original 90-day submission period. All extensions will be issued in writing. Inadequate, vague, or open-ended requests will not be granted. Questions as to whether an extension should be granted may be referred to the Cargo Security, Carriers & Immigration Branch, Office of International Trade in CBP Headquarters by the VRU ports of entry. Any request for an extension beyond a 30-day grant issued by a VRU must be submitted through that unit to the Cargo Security, Carriers & Immigration Branch, Office of International Trade, CBP Headquarters. In the event that all cost evidence is not furnished within the specified time limit, or is of doubtful authenticity, the VRU may refer the matter to the U.S. Immigration and Customs Enforcement to begin procedures to obtain the needed evidence. That agency may also investigate the reason for a failure to file or for an untimely submission. Unexplained or unjustified delays in providing CBP with sufficient information to properly determine duty may result in penalty action as specified in paragraph (j) of this section. Extensions granted for the filing of necessary evidence may also extend the time for filing Applications for Relief (see paragraph (i)(1) of this section).

(g) *Location and jurisdiction of vessel repair unit ports of entry.* Vessel Repair Units (VRUs) are responsible for processing vessel repair entries. VRUs are located in New York, New York; New Orleans, Louisiana; and San Francisco, California. The New York unit processes vessel repair entries received from ports of arrival on the Great Lakes and the Atlantic Coast of the United States north of, but not including, those located in the State of Virginia. The New Orleans unit processes vessel repair entries received from ports of arrival on the Atlantic Coast from and including those in the State of Virginia, southward, and from all United States ports of arrival on the Gulf of Mexico including ports in Puerto Rico. The San Francisco unit processes vessel repair entries received from all ports of entry on the Pacific Coast including those in Alaska and Hawaii.

(h) *Justifications for relief from duty.* Claims for relief from the assessment of vessel repair duties may be submitted to CBP. Relief may be sought under paragraphs (a), (d), (e), or (h) of the vessel repair statute (19 U.S.C. 1466(a), (d), (e), or (h)), each paragraph of which relates to a different type of claim as further specified in paragraphs (h)(1)–(h)(4) of this section.

(1) *Relief under 19 U.S.C. 1466(a).* Requests for relief from duty under 19 U.S.C. 1466(a) consist of claims that a foreign shipyard operation or expenditure is not considered to be a repair or purchase within the terms of the vessel repair statute or as determined under judicial or administrative interpretations. Example: a claim that the shipyard operation is a vessel modification.

(2) *Relief from duty under 19 U.S.C. 1466(d).* Requests for relief from duty under 19 U.S.C. 1466(d) consist of claims that a foreign shipyard operation or expenditure involves any of the following:

(i) *Stress of weather or other casualty.* Relief will be granted if good and sufficient evidence supports a finding that the vessel, while in the regular course of its voyage, was forced by stress of weather or other casualty, while outside the United States, to purchase such equipment or make those repairs as are necessary to secure the safety and seaworthiness of the vessel in order to enable it to reach its port of destination in the United States. For the purposes of this paragraph, a “casualty” does not include any purchase or repair made necessary by ordinary wear and tear, but does include the failure of a part to function if it is proven that the specific part was repaired, serviced, or replaced in the United States immediately before the start of the voyage in question, and then failed within six months of that date.

(ii) *U.S. parts installed by regular crew or residents.* Relief will be granted if equipment, parts of equipment, repair parts, or materials used on a vessel were manufactured or produced in the United States and were purchased in the United States by the owner of the vessel. It is required under the statute that residents of the United States or

members of the regular crew of the vessel perform any necessary labor in connection with such installations.

(iii) *Dunnage*. Relief will be granted if any equipment, equipment parts, materials, or labor were used for the purpose of providing dunnage for the packing or shoring of cargo, for erecting temporary bulkheads or other similar devices for the control of bulk cargo, or for temporarily preparing tanks for carrying liquid cargoes.

(3) *Relief under 19 U.S.C. 1466(e)*. Requests for relief from duty under 19 U.S.C. 1466(e) relate in pertinent part to matters involving vessels normally subject to the vessel repair statute, but that continuously remain outside the United States for two years or longer. Vessels that continuously remain outside the United States for two years or longer may qualify for relief from duty on expenditures made later than the first six months of their absence. See paragraph (b)(3)(ii) of this section.

(4) *Relief under 19 U.S.C. 1466(h)*. Requests for relief from duty under 19 U.S.C. 1466(h) consist of claims that a foreign shipyard operation or expenditure involves any of the following:

(i) *Expenditures on LASH barges*. Relief will be granted with respect to the cost of equipment, parts, materials, or repair labor for Lighter Aboard Ship (LASH) operations accomplished abroad.

(ii) *Certain spare repair parts or materials*. Relief will be granted with respect to the cost of spare repair parts or materials which are certified by the vessel owner or master to be for use on a cargo vessel, but only if duty was previously paid under the appropriate commodity classification(s) as found in the Harmonized Tariff Schedule of the United States when the article first entered the United States.

(iii) *Certain spare parts necessarily installed on a vessel prior to their first entry into the United States*. Relief will be granted with respect to the cost of spare parts only, which have been necessarily installed prior to their first entry into the United States with duty payment under the appropriate commodity classification(s) as found in the Harmonized Tariff Schedule of the United States.

(i) *General procedures for seeking relief*—(1) *Applications for Relief*. Relief from the assessment of vessel repair duty will not be granted unless an Application for Relief is filed with CBP. Relief will not be granted based merely upon a claim for relief made at the time of entry under paragraph (e) of this section. The filing of an Application for Relief is not required, nor is one required to be presented in any particular format, but if filed it must clearly present the legal basis for granting relief, as specified in paragraph (h) of this section. An Application must also state that all repair operations performed aboard a vessel during the one-year period prior to the current submission have been declared and entered. A valid Application is required to be supported by complete evidence as detailed in paragraphs (i)(1)(i)–(vi) and (i)(2) of this section. Except as further provided in this paragraph, the deadline for receipt of an Application and supporting evidence is 90 calendar days from the date that the vessel first arrived in the United States following foreign operations. The provisions for extension of the period for filing required evidence in support of an entry, as set forth in paragraph (f) of this section, are applicable to extension of the time period for filing Applications for Relief as well. Applications must be addressed and submitted by the vessel operator to the appropriate VRU port of entry and will be decided in that unit. The VRUs may seek the advice of the Cargo Security, Carriers & Immigration Branch, Office of International Trade in CBP Headquarters with regard to any specific item or issue which has not been addressed by clear precedent. If no Application is filed or if a submission which does not meet the minimal standards of an Application for Relief is received, the duty amount will be determined without regard to any potential claims for relief from duty (see paragraph (h) of this section). Each Application for Relief must include copies of:

(i) Itemized bills, receipts, and invoices for items shown in paragraph (e) of this section. The cost of items for which a request for relief is made must be segregated from the cost of the

other items listed in the vessel repair entry;

(ii) Photocopies of relevant parts of vessel logs, as well as of any classification society reports which detail damage and remedies;

(iii) A certification by the senior officer with personal knowledge of all relevant circumstances relating to casualty damage (time, place, cause, and nature of damage);

(iv) A certification by the senior officer with personal knowledge of all relevant circumstances relating to foreign repair expenditures (time, place, and nature of purchases and work performed);

(v) A certification by the master that casualty-related expenditures were necessary to ensure the safety and seaworthiness of the vessel in reaching its United States port of destination; and

(vi) Any permits or other documents filed with or issued by any United States Government agency other than CBP regarding the operation of the vessel that are relevant to the request for relief.

(2) *Additional evidence.* In addition, copies of any other evidence and documents the applicant may wish to provide as evidentiary support may be submitted. Elements of applications which are not supported by required evidentiary elements will be considered fully dutiable. All documents submitted must be certified by the master, owner, or authorized corporate officer to be originals or copies of originals, and if in a foreign language, they must be accompanied by an English translation, certified by the translator to be accurate. Upon receipt of an Application for Relief by the VRU within the prescribed time limits, a determination of duties owed will be made. After a decision is made on an Application for Relief by a VRU, the applicant will be notified of the right to protest any adverse decision.

(3) *Administrative protest.* Following the determination of duty owing on a vessel repair entry, a protest may be filed under 19 U.S.C. 1514(a)(2) as the only and final administrative appeal. The procedures and time limits applicable to protests filed in connection with vessel repair entries are the same as those provided in part 174 of this

chapter. In particular, the applicable protest period will begin on the date of the issuance of the decision giving rise to the protest as reflected on the relevant correspondence from the appropriate VRU.

(j) *Penalties—(1) Failure to report, enter, or pay duty.* It is a violation of the vessel repair statute if the owner or master of a vessel subject to this section willfully or knowingly neglects or fails to report, make entry, and pay duties as required; makes any false statements regarding purchases or repairs described in this section without reasonable cause to believe the truth of the statements; or aids or procures any false statements regarding any material matter without reasonable cause to believe the truth of the statement. If a violation occurs, the vessel, its tackle, apparel, and furniture, or a monetary amount up to their value as determined by CBP, is subject to seizure and forfeiture and is recoverable from the owner (see §162.72 of this chapter).

(2) *False declaration.* If any person required to file a vessel repair declaration or entry under this section, knowingly and willfully falsifies, conceals or covers up by any trick, scheme, or device a material fact, or makes any materially false, fictitious or fraudulent statement or representation, or makes or uses any false writing or document knowing the same to contain any materially false, fictitious or fraudulent statement, that person will be subject to the criminal penalties provided for in 18 U.S.C. 1001.

[66 FR 16397, Mar. 26, 2001, as amended at 74 FR 53651, Oct. 20, 2009]

EFFECTIVE DATE NOTE: At 77 FR 17332, Mar. 26, 2012, § 4.15 was amended by revising the section heading; paragraph (i)(3) is redesignated as paragraph (i)(4) and a new paragraph (i)(3) is added; and paragraph (j)(1) is amended by adding a new third sentence, effective April 25, 2012. For the convenience of the user, the added and revised text is set forth as follows:

§ 4.14 Equipment purchases for, and repairs to, American vessels.

* * * * *

(i) * * *

(3) *Application for Relief; failure to file or denial in whole or in part.* If no Application for

U.S. Customs and Border Protection, DHS; Treasury

§ 4.20

Relief is filed, or if a timely filed Application for Relief is denied in whole or in part, the VRU will determine the amount of duty due and issue a bill to the party who filed the vessel repair entry. If the bill is not timely paid, interest will accrue as provided in § 24.3a(b)(1) of this chapter.

(j) * * *

(1) * * * The owner or master of the vessel who fails to timely pay the duty determined to be due is liable for interest as provided in § 24.3a(b)(1) of this chapter.

* * * * *

§ 4.15 Fishing vessels touching and trading at foreign places.

(a) Before any vessel documented with a fishery license endorsement shall touch and trade at a foreign port or place, the master shall obtain from the port director a permit on Customs Form 1379 to touch and trade.

When a fishing vessel departs from the United States and there is an intent to stop at a foreign port (1) to lade vessel equipment which was preordered, (2) to purchase and lade vessel equipment, or (3) to purchase and lade vessel equipment to replace existing vessel equipment, the master of the vessel must either clear for that foreign port or obtain a permit to touch and trade, whether or not the vessel will engage in fishing on that voyage.²⁸ Purchases of such equipment, whether intended at the time of departure or not, are subject to declaration, entry, and payment of duty pursuant to section 466 of the Tariff Act of 1930, as amended (19 U.S.C. 1466). The duty may be remitted if it is established that the purchases resulted from stress of weather or other casualty.

(b) Upon the arrival of a documented vessel with a fishery endorsement which has put into a foreign port or place, the master shall report its arrival, make entry, and conform in all respects to the regulations applicable in the case of a vessel arriving from a foreign port.

²⁸If such a vessel puts into a foreign port or place and only obtains bunkers, stores, or supplies suitable for a fishing voyage, it is not considered to have touched and traded there. Fish nets and netting are considered vessel equipment and not vessel supplies.

²⁹⁻⁶¹ [Reserved]

(c) If a vessel which has been granted a permit to touch and trade arrives at a port in the United States, whether or not the vessel has touched at a foreign port or place, such permit shall forthwith be surrendered to the port director.

(d) No permit to touch and trade shall be issued to a vessel which does not have a Certificate of Documentation with a fishery license endorsement.

§ 4.16 [Reserved]

§ 4.17 Vessels from discriminating countries.

The prohibition against imports in, and the penalty of forfeiture of, certain vessels from countries which discriminate against American vessels provided for in subsections 2 and 3 of paragraph J, section IV, Tariff Act of 1913, as amended by the act of March 4, 1915 (19 U.S.C. 130, 131), shall be enforced only in pursuance of specific instructions issued and published from time to time by the Secretary of the Treasury or such other officer as the Secretary may designate. (See also §§ 4.20(c) and 159.42 of this chapter.)

TONNAGE TAX AND LIGHT MONEY

§ 4.20 Tonnage taxes.

(a) Except as specified in § 4.21, a regular tonnage tax or duty of 2 cents per net ton, not to exceed in the aggregate 10 cents per net ton in any 1 year, shall be imposed at each entry on all vessels which shall be entered in any port of the United States from any foreign port or place in North America, Central America, the West Indies, the Bahama Islands, the Bermuda Islands, the coast of South America bordering on the Caribbean Sea (considered to include the mouth of the Orinoco River), or the high seas adjacent to the U.S. or the above listed foreign locations, and on all vessels (except vessels of the U.S., recreational vessels, and barges,
